

Tomas

I had a job where I had to drive hundreds of miles every day to customers houses. I became so comfortable driving I would start to fall a sleep even when music was on. No matter what I did I couldn't stay awake. Desperate I joined Audible and downloaded my favorite epic fantasy, The Wheel of Time. I have since started to listen anytime I drive because I no longer fall asleep! Listening is not only enjoyable, but has probably saved my life!
